Partner, Head of Commercial
 Hill Dickinson LLP
 Sep 1997 – Aug 2015 · 18 yrs
 United Kingdom

I led Hill Dickinson's Commercial team, which groups the firm's commercial, projects, IT and intellectual property practices.

My main responsibilities included: advising on drafting contracts enhancing the commercial position of client businesses/organisations; and dealing with complex, high-value and commercially-sensitive issues, contracts and projects on behalf of corporate and state-owned clients throughout the UK, EMEA and SE Asia.

I developed particular expertise in advising on engineer/procure/contract projects to upgrade energy infrastructure, typically involving co/tri-generation, solar photovoltaic, wind power and associated technology, through energy performance contracting (EPC) and energy services company (ESCO) structures, and district heating/cooling projects, and associated asset and project finance structures. I completed more than 35 such projects, for corporates and state-owned bodies.

I was recommended in UK Legal 500 2015 for Commercial, Energy, Project finance and PFI/PPP.

My management responsibilities, commensurate with my Head of Team role, included: financial performance and budgeting; strategy and business planning; business development and marketing; and managing and mentoring junior staff. See less
